COOKIES POLICY

WHAT ARE COOKIES?

Cookies are text files with a small amount of data sent from our website to your web browser and stored on the hard drive of your computer. Cookies cannot be executed as pieces of codes by your web browser or deliver viruses, but they act more like logs (i.e. they record user activity and remember some data information) and they get updated every time you visit our website.

WHY ARE COOKIES USEFUL?

Cookies help us improve our website performance, our visitors' user experience, as well as help us track your referrers and improve our future advertising campaigns.

HERE IS AN OVERVIEW OF THE FUNCTIONS OF OUR COOKIES:

- Verifying your identity and detecting which country you are located in;
- Checking browser type and device;
- Tracking which site the user was referred from;
- Allowing third parties to customize content accordingly.

TYPE OF COOKIES WE USE:

- **NECESSARY COOKIES:** these are necessary for the basic function of the website and can't be waived since the website can't be functioning properly without these cookies.
- **STATISTIC AND ANALYTICAL COOKIES:** this collect visitor information such as the country where visitors are located, information about past visits in order to determine if this is the first visit to our website, in addition some statistic cookies are saved temporarily as login information and expire once the browser is closed.
- **MARKETING COOKIES:** these cookies are used by us and our advertising partners to track visitors across websites to provide targeted ads that are more relevant to you, in such category we may use third-party cookies which are set by other companies that we have allowed permission to.

Please note that not all the cookies on our sites are set by us. The below section provides information on third party cookies and opt out options. It is important to note that some cookies we store on your browser are essential to the performance of our platforms and as blocking them would severely damage their performance, no option to opt out is provided.

In addition, kindly note that you can manage your cookie settings from this page, therefore we invite you to read carefully our privacy policy. However, you cannot disable 'essential' cookies, because some parts of our website will not work properly.

You can find more information about the individual cookies we use and the purposes for which we use them in the table below:

Category: Necessary (11)

Necessary cookies help make a website usable by enabling basic functions like page navigation and access to secure areas of the website. The website cannot function properly without these cookies.
